

The House of Premium Quality Rosewood Furniture

WS Global manufactures and exports premium quality Rosewood Furniture from the home of the finest quality of Rosewood.

Rosewood has long been one of the most favored of materials for the construction of fine furniture. It has an undisputed reputation for durability, strength and stability apart from being one of the most beautiful of all woods.

The typical assets of Rosewood are it's are heavy color, grainy natural patterns, unusual strength and a lifetime of durability. Due to limited availability of Rosewood the furniture made with it is in high demand for the discerning people of elegant taste.

Mode21 Rosewood Furniture

Mode21 brings you the finest quality Rosewood furniture obtained from the choicest of Rosewood plantations, locally known as "Sheesham", in the natural habitat of Pakistan.

There are many kinds of timbers around the world but the solid cross-grains which appear on the Rosewood differentiate it from the rest. And these are made all the more beautiful after being carefully handcrafted by the masters of the art from **Mode21 Furnishers**.

We focus on how it's used to make fine quality furniture. Only the finest Rosewood is chosen, characterized by its deep grains and beautiful curls that form quality of wood and the look of grains at its best in our products.
